

WHO WE ARE

Leadership Middle Tennessee uses collaborative efforts to promote sustainable economic and community growth for the benefit of Middle Tennessee. A single class is comprised of ten counties' most impactful and inspirational leaders.

In 2018, Leadership Middle Tennessee embarked on a strategic planning process to ensure its programs strengthen Middle Tennessee and promote regionalism. The process included insight from more than 120 individuals, including alumni and area leaders as well as benchmarking and a review of background data.

The Inspiring Regional Leadership plan was approved at the October 2018 board meeting. This plan contains five priority areas that support Leadership Middle Tennessee and its commitment to the region. Here are the five priority areas and the goals within each area.

STRATEGIC PLANNING COMMITTEE

Jill Ayers, Board Chair
